

PLEASE, LET ME INTRODUCE MYSELF!

My name is Kay Hickey and I am a dental assistant, clinical efficiency consultant and niche' speaker. I wanted to reach out to share a little bit about myself.

WHY I LOVE MY JOB

As a former dental assistant, it brings me great joy to help practices improve their clinical processes and create a more organized, efficient, and compliant environment.

As a speaker, I enjoy sharing my message on a larger scale. My presentations are unique in the sense that other speakers and consultants are not addressing the cost of clinical disorganization and the negative impact it can have on the overall success of the practice. I provide proven, actionable, and sustainable solutions to improve efficiencies, save time and money, and reduce stress. In fact, the system that I teach won the Cellerant Best of Class Hygiene Award in 2021!

LET'S CHAT!

I'd love to connect with you to learn about the events that you have on your agenda and what you are looking for in a speaker. You will find a short introductory video, my speaker information, and link to my calendar for availability on my page.

Look no further, I might just be the right speaker that you are looking for! Thank you for your time and consideration!
